1997 VW Golf GL, 4 door, green, tan cloth interior. 5 speed manual transmission. 180k on engine. Runs and drives. Does need some work to be driveable, email for details. Needs a front bumper (does not have one. \$30 at a junk yard) and some paint. I could put the car together and paint the pieces for an additional \$200. Clear title. Good tires and brakes. Passes emissions and inspection. Has cold a/c, Sunroof, and CD player. A great first car for someone, or commuter car...gets 30MPG easily.
