

NEED OILFIELD WORK Gas prices going back up soon (COTULLA TX)

Location **Texas**
<https://www.genclassifieds.com/x-262096-z>

Schlumberger is looking for strong candidates looking to hire 20 men to work 14 hour shifts from 9 am to 12 pm depending on weather.

Starting pay ranges from 13.50\$-22\$ hourly.
 Looking for entry level to experienced level hiring for all positions.

There is a yard that we meet at every morning off 1604. (If you dont live in san antonio we will have shuttles and accommodate rooms/hotels for you depending on schedule) send me your resume and contact information. I will also ask for other information to start paper work later on after you email me.

FIRST COME FIRST SERVE BASIS.

Reason I'm not having you guys fill out online applications is cause this position is temp to hire. Once we feel like your a great candidate we will consider you and you will be able to skip the online application. Also the people that do hiring for us do not contact you. So I'm here offering a good and great deal.

Remember that, please don't ask me when emailing cause I will ignore the email and will result in a loss of a job availability.

I need great candidates like I said.

Thank you for being interested in I hope to hear from you soon.
 Schlumberger
 be advised that I'm doing this out of human resources so skip the application process and email me if your serious. Many people have been hired through me as you would go to the main company building. AFTER PROCESS THROUGH ME AND GUARANTEED. If your serious about a career change let me know I will gladly help but all I need is trust and we can go forth your career***
 I do travel along so meeting up with you might be hard but we can work on communication processing and getting you.
