I am looking to add some sexy Playboy-style photos to my portfolio. I am seeking a young, slender female (age 18-30). The shoot would involve lingerie, implied, and some classy nudity up to Playboy style. I have sample pictures I will e-mail if I can find the right model to show her what I am looking for.

No prior modeling experience is needed, although that certainly helps. If I find the right model, I will pay \$140 for the shoot. I will provide the professional studio and lighting and will need you to provide the wardrobe and show up with hair and makeup on and ready to shoot.

If you are interested, please send a few face and full body pictures that show your figure to help me decide if you are the model I am looking for. !
