I have a Genuine Pig for sale. Told it was a female. She is hand feed and is good with people. she comes with cage, feeding excessories, and her, all for a low 50 dollars even. Not recommended for children under 12. My daughter just got tired f car in for her and I work too many hours. We decided to get rid of her to a loving home, where someone has more time for her.

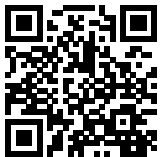

50 dollars firm.
