Photographer looking for model for blackwhite photo shoot (north beach telegraph h

Location **California** https://www.genclassifieds.com/x-262472-z

Hey all, I'm a photographer based in San Francisco. I'm looking to do edgier, more contrasty photos, so I need a model to do a shoot similar to the photos I've taken shown in this ad, but better:) Since this is a trade shoot, I don't need professional models, but you should be somewhat camera friendly:)

HQ photos provided after the shoot, and yes you can bring a chaperone. If you could do your own makeup/hair, that would be great too!
