

looking for landscape and other handyman work to be done (novato)

Location **California**
<https://www.genclassifieds.com/x-262481-z>

I have a need for an experienced handyman or contractor to connect a tv into electrical system. Also need multiple shelves and storage spaces to be built in my garage. Third project is a yard cleanup and dirt moving as well as a way to eliminate the extra dust in my yard. I have two psychotic ass dogs who destroy everything I own so yard project will need to be dog proof. Email me with any questions. Must be experienced with pictures of your recent projects.
