Providence Clinical Research Is conducting a research study to see if an investigational drug can lower uric acid levels in the body (high uric acid can cause gout). If you have a history of gout or are currently experiencing gout symptoms, you may qualify to participate in this research study.

Study participants will receive all study related care at no charge, including physical exams, lab services and study drug. Qualified participants may be compensated for time and travel.

Participants receive study related care, diagnostic tests, and study medication at no cost. Payment for time and travel to the study center may be provided.

For more information about the study, please contact Carlos at or (877) WELL DAY.

Or see more info on our website: http://www.ProvidenceClinicalResearch.com
