We are conducting clinical research studies for individuals with diarrhea predominant Irritable Bowel Syndrome (IBS). If you are at least 18 and have any of the following criteria, you may be interested in and qualify to participate in one of our clinical studies. Call to find out what investigational medications are being developed to help people with your condition.

- More than 3 bowel movements a day
- Watery, mushy or loose stools
- Feeling like you need to rush to have a bowel movement
- Abdominal fullness, bloating or swelling

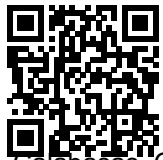

Participants receive study related care, diagnostic tests, and study medication at no cost. Payment for time and travel to the study center may be provided.

For more information about the study, please contact Carlos at or (877) WELL DAY.
