

Constipation because of Pain Meds Studies Compensate up to 450.00 (North Hollywood)

Location **California**
<https://www.genclassifieds.com/x-262508-z>

As you know, pain medications can cause constipation. It can be hard to treat. We are conducting studies of several investigational medications to treat both the pain and decrease the constipation. You might qualify to participate in one of our studies.

In a study, you will receive at no cost to you:

- Physical exams,
 - Safety labs
 - Medication
 - 24 hour access to our doctors
 - Compensation is typically \$50 per completed visit for your time and travel

At Providence Clinical Research, our study participants receive study related care, diagnostic tests, and study medication at no cost. Compensation for time and travel to the study center is usually provided at the completion of a study visit.

For more information about the study, please contact Carlos at or (877) WELL-DAY.

Or see more info on our website: <http://www.ProvidenceClinicalResearch.com>
