My name is Marcus. I'm 25 years old and just recently moved to the winder area. I am Looking to form a new acapella group in the winder area. I would like to cover some oldies first as a precursor as I find the music easy to pick up and great lyrics. I do have ideas to expand our repituar later to become a more versatile group. I would really like to keep the group very small with 4 very versatile singers like myself (2 guys and 2 girls). It would make rehearsing and gigging a lot easier. I do have an extensive acapella library to start with and would like to get started as soon as possible. If this sounds like something you are interested in, please email me with a sample of your vocals. It doesn't have to be anything extensive or professional. I just want to hear your voice. Below is a link to an acapella track I recorded myself.
