Local photography student is looking for a model to work with to help build my portfolio as well as trying out various techniques and lighting setups. This can be a one time shoot or an ongoing project if we work well together. Must be available on weekdays. In return for your time, you will receive the image files on a disc or USB for your own personal use and/or prints of images taken.

I am looking for a female model any age (18+, ID required), race, or body type.

If you are interested, please send me an email with a recent photo and your contact.
