

Artist couple available to teach at school, in homes, etc.

Location

Utah

<https://www.genclassifieds.com/x-266166-z>

We are an artist couple, husband and wife, looking for a public or private school where we can teach art. We would also be interested in teaching art in private homes, at community centers or for home-schooling groups. We have taught art classes for children in public and private schools, children's museums and art studios. We teach drawing, painting, sculpture, collage, filmmaking, writing, storytelling, costume making and especially nature art: wonderful little fairy furniture, fairy houses and woodland characters made from natural materials. We love working with children and have wonderful references. We would be available full or part time. We can travel to different schools or different homes. We love helping children use their great natural artistic abilities and sharing their wonderful imagination.

Here are our websites:

www.debbieandmikeschramer.comwww.sunflowerhouse.etsy.comwww.mycyclesart.etsy.com

Please contact us if you are interested. We'd be happy to talk with you about our experience in teaching art and what we could offer your school or group.

Thank.
