

3inch rough country kit for Jeep Cherokee XJ (600 USD)

Location

Arizona

<https://www.genclassifieds.com/x-266271-z>

Im selling this as a complete set, 650 o.b.o. I have a 3inch rough country kit for sale. I've had this kit for a couple month and decided to go to a bigger kit. The rear leaf springs are brand new never used by pro comp. Also the track bar is brand new and never used by rubicon express. Here is a list with everything that comes with it:

- rough country front coil springs
- rough country front and rear 2.0 shocks
- sky jacker lower control arms
- stock upper control arm with new bushings
- pro comp rear leaf springs with new u-bolts either for a dana 35 or a chrysler 8.25
- rubicon express adjustable track bar
- rough country rear extended break line
- rough country transfer case drop
- rough country sway bar quick disconnects

I have all the hardware to all items on the list please call me at
