Family of 4 looking for a nice house to rent in the Casa Grande area. We lived there before and are looking to move back here in the next month or two. We run a successful e-commerce site and work primarily from home. We have a small English shepherd dog as well. We will be relocating from Pennsylvania and just need something lined up before we come out there. Please let me know if you have anything that fits what we are looking for. Thank you very.
