My daughter is a having a birthday party this friday evening 2/6/15. Looking to have Elsa come by for 30 mins at the most. the party is set at a facility in midtown (not a home, so no worries about being in a uncomfortable setting).

job description: you will come by surprise the birthday girl. I will hand a gift to you before coming in. you will give the gift. possibly take pictures (if comfortable with it) hang out for a few minutes and then you can go by telling the kids some excuse (like you have to meet Ana or something).

simple as that.

Requirements: Must be fully dressed Elsa (hair, dress, accessories., etc). need to see before the party in your costume (you can send a pic or we can meet and you can show me a pic if you don't want to send it for personal reasons which is understandable).

We can discuss compensation when contacted.
