If you need a place to stay for about three or so full months while in the Bay Area, this is yours. A sort of quick but awesome arrangement in a cool Palo Alto neighborhood.

--

We offer you a Master-bedroom in a 5BR house in Palo Alto. The neighborhood is ~3-5 miles away from Stanford University, is quiet, and safe. Three shopping centers are nearby. Walgreens, WalMart, Starbucks, Safeway, Peet's Coffee, and a myriad of other stores are in walking/biking distance -- including the train station.

Your bedroom comprises a private bathroom, private toilet, a huge walk-in closet, and a small fridge if you like. You may bring your own mattress and sheets or use those provided. Of course, by definition, this room is the largest of the rooms in the house. If you don't have furniture and will need help with that, we can see to that.

Move-in date: Feb 20th (\$1775; covers room + WiFi + all other utilities).
Deposit required: Same amount as rent.

We're young professionals living in a house owned by one of us, an alum of a nearby university, who uses the house as a living and working (startup) environment. We're mostly newly minted professionals at startups and research professionals / doctoral students at Stanford, in the field of technology. So if you are a tech lover, tech intern, or especially if you're an entrepreneur yourself or always wanted to get the startup experience, you fit right in. We also have a friendly cat.

We do not heat our house, cannot have smokers, and would prefer if you're respectful, thoughtful, and.
