2 year old male chinchilla

Location **Arkansas** https://www.genclassifieds.com/x-266756-z

2 year old male chinchilla. I'm posting this for a friend. Everything come with it that is pictured plus bath dust, bedding, and whatever food is left. They have a newborn and have shifted their attention to him. I don't know much about him, but I should be able to find out anything you might have questions about.

\$225 firm.

Priced to sell so they don't have to deal with selling.
