2006 Chrysler 300c SRT8, 425 horsepower 6.1L Hemi, 5-spd Auto, and only 49k miles! Has all the bells and whistles you would expect. This car has been referred to as the "Gentleman's hotrod" and many automotive magazines consider this car a fantastic buy in the "most bang for your buck" category. Do some reading up on what this car really issee:

...then come take a look....and once you drive it, you will see why the SRT8 version of this car is worth so much more than the other versions that Chrysler built.

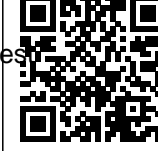

Some cool features (other than the great power and handling)...Heated leather/seude sport seats, rear DVD player with remote control and 2 wireless headphones. Comes with a spare 20" wheel that matches whats on it. Has new Brembo brakes and new rear tires 3k miles ago. Windshield will need to be replaced, but other than that, this car is good to go. The only other negatives to this car are the rock chips in the front (not horrible)...and the previous owner had the mufflers removed...it was professionally done, but it does make the exhaust louder than normal.

I REALLY don't want to sell this black beauty, but I'm looking to buy a house in the next year and don't want the monthly payments anymore....however...I'd also be plenty happy to keep it. You won't find a cheaper SRT8 300 in Alaska.

CASH only...NO TRADES. \$19000obo Email me with any questions or if you would like to come see it. Also, I have more pictures if you like.
