RMD PORTRAITS

Location **Maryland**

I've been photographing weddings and portraits in the DMV area for 5 years. The most important aspect of my business is the relationship I form with my clients. By the time we meet on the shoot day, we already feel like friends, which makes the session or event flow with ease. I pay close attention to those magic moments, and do very little arranging. My style is photojournalistic.

I guarantee personalized service to every one of my clients, while gladly integrating your vision to my work. Please don't hesitate to get in touch for any reason. I'm proud to provide quality images at very competitive rates. I look forward to hearing from you! Thanks.
