Hello! JLA Casting is looking for real female owned businesses to feature in a new web series for Ford. We are specifically looking for those skilled trade jobs that are traditionally male dominated like HVAC, Plumbing, Exterminator, Electric and Construction. Companies that are selected to participate will get to use a Transit van that's fully customized for their business for one month and see how it helps their bottom line.

If you already have a Transit we want to hear how you're using it and how customized upgrades could help your business.

Ford will feature the chosen companies in online videos so this is also a great way to gain exposure for your company! Please email us at so we can give you more details. Thanks very much and we look forward to speaking with you!
