Yes you read that right.. I need a backscratcher. Literally someone to scratch my back while I work in the evenings.

Work is 2-3 evenings a week, 2-3 hours an evening, in my home (very nice house). This is NOT a solicitation for sex or any sexual act. I won't ask for anything like that, and I don't want an "upsell." All you need to do is literally scratch my back sitting next to me. You can watch whatever I have on TV, or you can surf on a laptop or tablet.

I am clean and healthy, 40-year old male. Applicants need to have impeccable hygiene. Must be over 21 years old (only because I don't want anyone even close to high school age). Pay is \$10/hour.
