I am looking for a partner to complete one space in a wonderful two bed room.
 It is a huge device with living space area, cusine area, huge kitchen area with Dish appliance.
 There is also a huge sunroom, huge lobby, modified bathing room, garden (shared with others who live nearby upstairs)
 And also is lovely back patio (nicely designed and excellent in the summer).
 Washer and clothing dryer dedicated to this device are in the underground room and lots of space for storage space.
 The device is in a very fresh two family with Gas warm, excellent property owner.
 I am satisfied to move things around if you have more than just furnishings.
 I am a 28 y/o women working professional. I'm rather silent.
 I work the common 8-5 and keep beginning hours during the 7 days.
 I have a 4 year old little dog that is very well were, extremely helpful and.
