You buy the house I do all the work! No outside contractors. Will consult with you while you are buying the house for any concerns or cost overruns. This is not my "first rodeo" in this area. I do EVERYTHING (electrical/plumbing/flooring/painting/etc. - EVERYTHING INSIDE and OUT). NO subcontractors! Don't get ripped off and have delays dealing with everyone! Save yourself some money and hearthache!

Lets be a team and make some money!

Reply to email (too many spam calls/texts) and I will get right back to!!!
