If I could give Ria/All Occasion Video Service a score higher than a '5', I would. My video looks like I payed thousands of dollars for it...but I didn't. Very professional, friendly and knowledgeable about how to do her craft.

And don't be afraid to ask if she can come out of the Baltimore area. My wedding was in downtown Washington, DC. She charged a transportation expense in addition to the normal fee and it was worth the extra fee and more! Also, don't worry that she does not have all the fancy things other videographers have...like a Website or the ability to take credit cards. She said that if she had those things she would have to raise her prices and she feels that everyone should have the option to have a beautiful video to remember special times and not have to worry about a large expense to do it. (I found Ria on youtube after watching over 40 of her videos...and there were still more to watch. Her examples speak for themselves.)

Ria was my hero and she can be yours also...just give her a call and this will be one less thing to worry about for your event!

Ms. Ria was very professional and didn't miss a second of my special day. . Even though my DJ messed up numerous times during the ceremony and reception, Ria was able to make everything so seamless to the point you wouldn't even know that the DJ messed up. She was so polite and did an exceptional job on my special day. Thank you Ms. Ria and God Bless You and the work that you do!!!!
