

# 4L80E Transmission rebuilds starting at 1050 (1050 USD)

Location **Mississippi**  
<https://www.genclassifieds.com/x-268074-z>

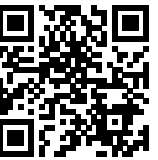

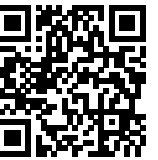

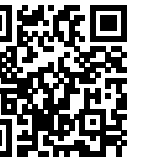

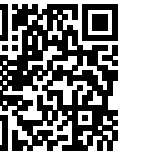

Stock=\$1050  
Mild duty=\$1450  
Heavy-duty=\$1850

New stock torque converter=\$180  
Heavy-duty torque converter=\$300  
High stall torque converter=\$500-\$800

Single heavy-duty external transmission cooler=\$60  
Dual heavy-duty external transmission coolers=\$120

Running an amazing special this month on fully built stock, mild duty, and heavy duty 4l80e transmissions. This isn't some stock oem junk or used parts built transmission. This is a completely built stock unit. My transmissions are fully dissassembled and cleaned both internally and externally then inspected and fully rebuilt to perfect specs, they are then painted with a 500 degree industrial grey or any custom color you prefer.. I do not paint over mud and dirt like these other builders.. comes with a 12 month 12000 mile warranty and I also have payable extended warranties. I will need your old core in exchange! I also can rebuild any other transmission both foreign and domestic.

Heres a list of what is inside my heavy-duty rebuild which runs \$1850
