Hello,

Am working toward a possible performance/recording of a new work.
Looking for players for small chamber ensemble: fl., ob., e.h., bsn., vlms 1,2,3,, vla, vcl. 1,2, and bass... 11 instruments minimum.. strings could be increased.

The Connecticut River Suite, is in 3 movements and is just under 20 minutes long.

The Connecticut River Watershed Council has expressed some interest in the work for promotional purposes.

I have score, parts, and MIDI realization to send for review if you would like them.

Thank you for your consideration.

tim
