A new docu-series for a major cable network wants to take a look at what really a relationship work.... friendship, or sex?

FWB?

We are looking for all types of interesting scenarios as well as regular ones.

Here are some ideas to get you thinking...

- Older woman with a younger man?
- Would some people think you are an odd match?
- Maybe you are in a situation where you have not told you children about your "friend" yet?
- Are you a fiery couple in the sac but personalities clash otherwise?

Just Friends?

I have friends of both gay and straight friends of the opposite sex.
 I am in a MARRIAGE and am waiting until I am ready for sex.
 I am the girl of friends where one of them wants to wait until I am ready before having sex.
 I am not a friend of the opposite sex. I have never had sex with anyone for a long time.

Are you at the point in your life where you wonder what would it be like to take your relationship to the

next level

If you and your friend would like to discuss the show please fill out the info in the link below and we will follow up with you. A
