Hello everyone!

I'm a stay at home mommy that is looking to give a dog a forever home! We have lots of land and space! I have 3 kids no other animals at the moment but would like to get more in the future. Yes I have plenty of experience with many different dog breeds I've grown up around them my whole life..this is actually the only time I haven't had a four legged friend following me around the house.

I would prefer a pitbull puppy but will consider other breeds. 12 weeks and younger would be preferred. If you know anyone or you yourself has a puppy that is in need of a loving home please text or email me! Will travel or meet to pick him/her up.

A rehoming fee is no problem as long as it's not over \$500.

Thankyou so much for your time. Any questions pls feel free to.
