

Looking for partner for webapp development company (mesa az)

Location

Arizona

<https://www.genclassifieds.com/x-279480-z>

Hi,

I am a project manager for a software development company. I am looking for another local project manager to work with in mesa or surrounding area. We outsource much of our development, so working nights is highly preferred but we can discuss. We take a variety of projects, websites, desktop applications, mobile apps, games, hardware, etc.. so there is plenty of variety.

Requirements

You must be 21+

have some kind of programming experience (so you can hold conversation about the projects)
 able to solve problems, creatively and efficiently
 able to plan, set goals,
