Oliver and Nemo

Location **Alabama** https://www.genclassifieds.com/x-279534-z

We have two handsome ginger cats, Oliver and Nemo, who are currently PAWS residents. These two are living together in harmony in one of our cat rooms. They are looking for their forever homes, and since FIV + cats can not live with non-FIV cats, they would love to go home together. Here is a little bit of information regarding adopting FIV+ cats. Please consider adopting Oliver and Nemo together, today. Even if you can only adopt one, or cannot adopt at all, please share this with friends and family.

PAWS Humane 4900 Milgen Road Columbus, GA 31907

FIV+ FAQ's

~What is FIV? FIV is an auto immune disorder. Cats that have FIV cannot fight off illnesses as well as cats without FIV.

~Can people get FIV? Nope! FIV is a species specific disease that only cats can get.
