Hello,

If you need someone to watch your child, then I am the right person for you. My husband and I are license foster parents, CPR, and First Aid trained. I am 30 years old and have 2 children of my own ages 3 (girl) and 6 (boy).

We have a loving environment, with plenty of toys and we do focus on education.

Just a little bit background about me, I have 3 Master's degrees and was recently advised that my son who is in kindergarten (late birthday) may have to repeat kindergarten. As a mother, you instantly think what can you do to better help your child...the only thing I could think of is to leave Corporate America so I can focus on my child educational needs more. We do have a lot of learning activities at home, but of course each child is different my little girl is a wiz but my son needs the additional help. So it was a hard decision but I have decided to give up my corporate job.

Your child will be in good hands that is what I guarantee you. My focus is that kids have to be able to be a kid, but we will focus on learning too. The little ones are our future, so we as parents have to make sure we give them the right direction.

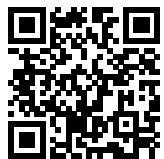

The price is \$80 per week but do offer a sibling discount so for a sibling it will be \$50. For instance if you have 2 children the price would be \$130 per week. The hours are M-F 8am-7pm and the drop in rate will be \$10. The little girl is in school, so she has a seat and won't be fair to the other child. If not you can have the other child be in the car with you. The price, for you have the other child depending on your needs. If you have any questions or additions, please contact me via email.

We hope to see you soon.
 Thanks for reading.
