I just called the Lexus dealer and they wanted \$255 +tax for only (1) one key. I just need a total of 3 keys.

-I was looking online at eBay and found original Lexus keys on the site. I just need someone to cut and program the chip inside the key.

Does anyone can laser cut and program a 2009 Lexus RX350 key? I need (3) keys and I like to pay in cash. Thanks.

I'll meet you anywhere in the sf bay area.
