

Sofa, loveseat amp chair set, leather, purple, very comfortable (250 USD)

Location **Colorado**
<https://www.genclassifieds.com/x-279873-z>

For sale is a 3-piece sofa set (sofa, loveseat, and large chair).

Sofa: 7' long x 38" deep x 32" high
Loveseat: 5 1/2' long x 38" deep x 32" high
Chair: 4' wide x 38" deep x 32" high

These are super comfortable pieces, but a little too big for my den. Sorry but I don't know the manufacturer (I did not buy these new).

Leather is in very good shape, normal wear, but no tears. There is one indentation on the back of the sofa (where you probably won't see it). Cushions are all good.

Price is fair and so please, no low-ballers. (No resellers either!) If you see this ad, the set is still for sale.

I will not break the set.

Buyer must arrange pickup. These items are well-built and heavy. I (and my son if he's around) can help move them into your vehicle.

As usual on Craigslist, cash only please. Thanks for looking.
