I am a very busy mom of 4. The children's ages are 14,13,10,7. They are all school aged. I am looking for someone to watch them from approx. 5:00pm-7:00pm and help with homework with my 7 year old and also light housekeeping and cooking. Occasionally you would transport them to after school activities or functions. I am looking at 10-15 hours a week and the pay will range from 18.25 an hr to 20.00 an hr after 60 days.
