A home of charm and character, a home of style and substance; welcome home to 1011 Bennett Avenue - the 1920s Spanish architectural delight that exudes historical elegance. With easy access to your Mediterranean garden, lounge on the front patio that is perfect for summer barbeques and greeting strolling neighbors. You are warmly greeted by the turreted porch and classic Spanish bungalow front door. Enter into an awe-inspiring living room; this magnificent space features a soaring coved ceiling and is drenched in natural light from the elegant front picture window. Pass through the dramatic archway to open kitchen with eating area and hidden laundry room; a feast for the eyes with terra cotta tile flooring contrasted against bright white cabinetry and custom tile work. Different than most bungalows of this era, this special home offers 2 bedrooms, a separate den, and 2 bathrooms -- that is right, no sharing your private bath with your guests. Bathe in your choice of styles--a cool Art Deco bath with arched tub entry, pedestal sink, and dynamic tile work or an elegantly appointed modern bath. So close to the ocean, Rec Park, Belmont Shore, and Wilson High, this early Californian masterpiece is located within a highly walkable and bikeable neighborhood that will be party central for years to come! For more information, please call us at EXT 2239.
