I have two young guinea pigs I would like to rehome, im asking \$75 rehoming fee because the cage was \$50 and all the supplies with it were about the same, im also not selling them so someone can feed them to a snake or use as a dog toy so I will ask why you want them

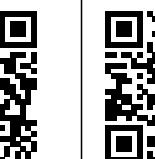

Both are females and very sweet. One is Able, the other is Sosie. They come with all their supplies blankets food ect. The cage is open top but if that is a concern I can give you the website I bought it off of, they have a top available. I have never had an issue with them getting out the sides are pretty.
