

2014 Honda Forza 300cc Scooter (90068 USD)

Location **Arkansas**
<https://www.genclassifieds.com/x-280213-z>

This scooter belongs to my wife. We bought it from Heartland Honda in July 2014. I'm selling it because she let her motorcycle permit (required for a scooter this size) expire and no longer wants it.

It is in FLAWLESS condition, has had it's first service and has never been dropped or wrecked in any way. It has also never seen any rain and has been garage kept the entire time we've owned it.

****This scooter will reach a max speed of 85 mph, so it's highway safe.

This scooter retails for \$5,600 + freight and set up which will be around \$6,200 out the door at a dealer. This is a steal at \$4,500.
