selling my very soon to be a classic Lincoln Town Car, which has never let me down in the 8 years I had it and which is the smoothest ride in the last old sharp cut American style ( nothing rides like a Lincoln )

Pros:

- runs very smooth and quiet (oil changed frequently -- all receipts existing), mainly interstate miles
- none smoker
- original excellent clean profile (none bulky captain chair like) leather bench seats with no rips
- immaculate dashboard top with no cracks
- good low mileage Dunlop tires
- fairly new radiator
- AC fairly recently repaired / blows ice cold
- new front windshield
- safety check good until 02 2016

Cons:

- air suspension bags leak ( but not on the ground with the back end as compressor is compensating)
- basically the electrical system with stopped working: wind shield wiper motor, power windows,

~~digital displays (check engine light, ABS light), electric trunk pull, power locks (work but make~~

Electric and gas still working in homes and public for the last inch

To five side front light side cover miss

from standing in line, done in real time

your water surface is at the fence

- few little interior accessories missing
