

BUTTERFLY ORCHID (25 USD)

Location

Hawaii

<https://www.genclassifieds.com/x-280432-z>

The Latin name is *Psychopsis Mendenhall*. Quite a mouthful, and even harder to remember. So let's just call it "The Butterfly Orchid". Once you see it, I think you will agree, The Butterfly is unforgettable. Plus, the flower lasts for months, and the foliage is unique as you can see. I guarantee this is one plant that will catch everyone's eye. I have a few Butterflies in bud and in flower. Come out to the greenhouse and see them before they fly away. Tues. to Sat. from 10 to 3 at 70 W. Kuiaha Rd. Or call me @ 268-1227 Mahalo,
