

These are not typical garage sale items. I simply moved from 40 years at a large house to one which is much smaller so I must downsize what I own. Afternoons and evenings daily until it's all sold, just call me first for easy directions and to let me know you want to come over. \$10-\$1000 for the most part. Quality contemporary furniture, 8' couch, 11 piece formal DREXEL Dining Room set, lamps, chandeliers, lighting, crystal and brass, rare vintage bathroom sconces, a very rare and unique hanging wall sconce lamp, vintage heavy brass outlet covers and light switch plates, vintage drawer pulls, a locking metal file cabinet and more, mostly vintage 40's to 70's. These are rare must see premium quality items. Details below.

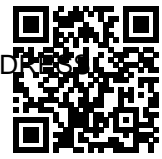

I'm in a small house after 40 years in a large one so now my space is limited. All these items are on sale daily until it's all sold.

USA in North Carolina. It's highly prestigious, elegant and contemporary. This 11 piece formal Dining Room set consists of the following components, an expanding dining table from small round to large oval and extra large oval. Two wide table extension leafs. Six chairs, two of which are arm chairs. China credenza cabinet with 5 compartments and built in drawers all behind elaborate closed doors. Serving buffet cabinet on wheels with 2 additional concealed compartments, a drawer, shelves plus an open display area. It's very solid, heavy, shining and gleaming just as it did in 1963 (Kennedy was President) when we purchased it brand new. The style is a very prestigious Contemporary Mediterranean and the double expandable table is designed to easily accommodate large formal dinner parties or to keep it intimately sized as a small round table just for two. This is all a part of this rare and remarkable vintage formal Dining Room set meticulously made by DREXEL.
