6 piece maple starclassick, in what Tama calls Red Silk color. 10, 12 rack, 14, 16 floor, 18 X 22 virgin kick, Other drum manufacturers call it Red Oyster. 2 snares, 6 crashes, 2 splashes, 2 sets of hi hats, 2 China's, ozone, ice bell, ride, Sabian Hand Hammered top of the line cymbals. I'm keeping the Carmine Appice shade cymbal but I'll put another hand hammered in its place, iron cobra pedals, all stands, cases for all of the drums, case for the cymbals, case for the stands, roc n soc throne. Absolutely everything you need for your next tour. Professional level stuff my friend. I'm scared to figure out what I paid for this behemoth, way over 10 grand. I just don't play anymore so this set just sits here not being used. This set deserves to be played, loved and enjoyed by all who hear it. I WILL NOT SEPARATE period! Not even for you! I'm sure you are a nice person but the answer is NO! So don't ask, it's all or none. Price is fair and FIRM. CA\$H only. No.
