Hi, Up for sale is my Medium Size (17.5") Specialized Rockhopper Mountain Bike with upgraded Components. This is one of my bikes that I regularly use, I maintain and repair all my bikes, so, it is regularly maintained and tuned and ready to use.

The Bike has been upgraded with newer parts like; new disc brakes, new front and rear Weinmann wheelset, Suntour 100mm dual preload fork, Specialized saddle seat, and Shimano Alivio shifters.

All other parts are original and stock that came with with the bike. The photos were taken before the bike was washed, and it does have a few scratches and scuff marks from normal use, Debris from the trails, and mounting on the bike rack.

Too many bikes cluttering the garage, need to sell some of them.
