The kitchen is long and wide, with plenty of natural wood cabinetry. The countertop matches the floor, and there are areas for a dishwasher, fridge, and gas stove as well as a little breakfast nook tucked into one corner.

In the bathroom, a black vinyl floor sets off the sterling white of the commode and vanity. Besides the vanity, there's a medicine cabinet behind the mirror for all of your toiletries.

The large living room has wall-to-wall carpet for warmth in the chilly season, and a working wood-burning fireplace dominates one end of the space. A wide mantle above the fireplace gives you room for knickknacks or something more practical, and a large window brings in plenty of light.

The dining room is also carpeted, and acts as the hub of the house -- a wide archway to the living room on one wall, the doorway to the kitchen opposite that, and a smaller archway on a third wall leading to the bathroom and both bedrooms. The last wall is dominated by another oversized window that makes a big room feel even bigger.

Both bedrooms are essentially identical, with matching hardwood floors and paint -- just one room has a double-wide window, while the other is a single.

In the basement, washer and dryer hookups and a utility sink give you a good place to deal with the laundry, and there's plenty of storage space for your extra stuff.

Outside, the back yard is modest, but wide open and ready for your creative touch.

Rent is \$599 per month and the security deposit required is 1 to 1 1/2 months depending on qualifications.

Viewing is by appointment only and you can move in immediately.
