Location **Connecticut**

Looking for females to volunteer to help me coordinate and promote my film screening in February & March 2015. I am a film student at MCC, I am campaigning for funds to make part 2 of my short. The first part was completed last year. The film has received high praises from my fans, friends, and professor. I funded the first half, but I am now seeking financial support to produce the second half. Networking and advertising skills, knowledge of Facebook, Linkedin, and other social networking Websites is a plus to getting the position. Or, if you have the interest to learn how to market and network, would be a requirement. Also, must have reliable transportation and can travel in West Hartford, Hartford and Manchester if needed.

A chance for paid work after proving yourself, until then, this job remains on a voluntary basis towards improving your portfolio or resume. However, by becoming valuable to the project, at that time I will review wage potential for your valuable work and contribution.

Please send me your pic(s) if you have one, a resume(as a PDF.file), then email me why I should hire you for this great opportunity to help promote my film and towards my goal to enter the film festival.

Thanks for your interest in advance.
