

Lost male grey tabby (Mid City)

Location **Louisiana**
<https://www.genclassifieds.com/x-280597-z>

Curzon is a young male grey tabby. He's about 9 month old. We've raised him from about 3 days old and we miss him very much. He went missing around 2/11. I think with the influx of people for Endymion someone may have picked him up. We're in the City Park triangle behind Dibert.

This is a pic of him from September. He's grown into his ears since.
