I found this very cute and friendly little grey with black stripes cat on my porch yesterday 2/19. He's a boy and has not been fixed. He's very friendly so I'm assuming he is someone's pet. This little guy tries to come inside my house but I have a cat who is not friendly. The found kitty loves to get loving and he loves my cat's kitty bed on my front porch. I can tell he's a little scared without his family. Please Text or Email immediately if he is yours. I am in mid city near City Park and Bayou St. John
