

Sweet Frances is Looking for Her Forever Home (Foster Care)

Location **Delaware**
<https://www.genclassifieds.com/x-280682-z>

Frances Eleanor is a gorgeous, brindle, middle aged gal who is waiting for her special someone. She is mellow and laid back, but still enjoys perusing through the neighborhood. She is low-medium energy.

Frances enjoys the company of other relaxed dogs. Never jumpy, Frances wouldn't mind living with kids, either. Relaxation is the name of the game for this sweet girl--she would be the perfect dog for someone looking for a couch surfing buddy!

While Frances Eleanor is considered one of our "Golden Girls", she is by no means ready for the retirement home. She enjoys her long walks and is currently learning basic manners. She is great in the car and loves to go everywhere with her people!

Frances is spayed, up to date with her shots, micro chipped and ready to move in! She is living in foster care and is adoptable through Pittie of Love - Philadelphia Animal Rescue. If you are interested in filling out an adoption application for Frances, please reply to this.
