

Solar Thermal Air Conditioning (Up to 32 Seer)

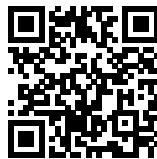

Location

Hawaii
<https://www.genclassifieds.com/x-280880-z>

Local Solar Company owned my Myron Thompson brings the only solar thermal air conditioning systems to Oahu. THERE IS NO HECO APPROVAL! This product is installed all over the world and is patented with almost 50 installs on Oahu already. This system uses the sun's energy to heat up the refrigerant making the compressor twice as efficient. It is 40-74% more efficient than any AC system in Hawaii. This system is the most efficient air conditioning system in the world with a SEER rating up to 32 and sometimes higher. There are federal and state tax credits which makes the systems more affordable than a conventional system. There is no HECO approval and cuts your AC bill in half. We give you a 10 year warranty on parts/labor. We offer split and centralized systems. Contact Brett at

for more information for a free site survey and estimate.!
