Hi Parents

I am still available to babysit tonight!!!!My name is Mark. I am a Northeastern University graduate who has worked as a professional social worker with children and adults with developmental disabilities for 13 years I am a student at Wheelock College where I am studying for my MSW. I have taken care of children of all ages from the age of six weeks old on up to 12 years old both girls and boys. I am warm, engaging, patient and attentive I love music reading and most of all laughter I have a car I have my first aid and CPR certificate from the American Red Cross both for infants and children. Of course, I have excellent references. I do not use social media, Facebook or use my cell phone while watching children.

I look forward to hearing from you.

Thanks

Mark
