

Looking for Male Models to Shoot Fashion with Female Models

Location **Minnesota**
<https://www.genclassifieds.com/x-281036-z>

Photographer working out of 2 studios and doing location shoots in multiple genres will be doing couple shoots as some models have begun to request that scenario for their portfolios....

Male models interested should send pics or a link to their portfolio.....I'm looking to build a multi cultural bench.... no particular look... all types welcome....you should have a bit of a wardrobe....from a few suits to bad boy look.....

I'll also be doing motorcycle and classic car shoots and swimsuit at the beach when it warms up as well as more conceptual and arty shoots and much more.....

This is a great opportunity to get in on a wide variety of fun stuff thru the year.....also some shoots will be more a sensual nature....nothing too crazy but hints of steamy is the best way to put it.....

My portfolio sites are listed below.... check them out....

I'll also schedule solo sessions just for you to add to your book as well as shooting some solo of you on the couples shoot.

This is time for prints.....plus I can make 2ft by 3ft color posters of your favorite shots.

All shots with this ad are from my past shoots.
